BRIEFING PAPER / REFEREED PAPER *[delete as necessary]*

This document has been created using Microsoft Word. The margins should be set to 2.5cm top and bottom and 3.0cm left and right. Please ensure that every item of text in your paper is set to one of the pre-defined styles beginning with or containing 'GhIE'. Overwriting existing text in this template will set your text in the correct style. To change a style from 'GHIE - Body text - P2' to 'GHIE - Body text with bullet point' for example, you must choose the appropriate style. Insert your abstract here using the style 'GHIE - Abstract'. Your abstract should be no longer than 150 words and only one paragraph in length. As you type you will notice this style extends or retracts in depth according to the length of your own text. As it stands, this paragraph contains 140 words.

Heading 1 (Note: Do not use a numbering system)

Style = GHIE - Body text – P1. Use for the first paragraph after every heading and to introduce bullet points. This section demonstrates the use of first and subsequent paragraph styles after a heading.
