

INVITATION TO SENSITIZATION WORKSHOP FOR ADVOCACY FOR AN LI FOR ACT 819

The Ghana Institution of Engineering (GhIE) led in the advocacy for the passing of the Engineering Council Act, Act 819, 2011. The full implementation of the Act however requires a Legislative Instrument (LI). BUSAC has approved GhIE's application for funding to advocate for an LI to ensure the full implementation of ACT 819.

To this end, GhIE is organizing two sensitization workshops for Engineering Practitioners in Takoradi and Accra. The first consultation is scheduled for **Takoradi on the 7th of February 2018 at 5.30pm at the Takoradi Technical University**. The second is scheduled for **Accra at the Engineering Centre on Tuesday, 13th February 2018 at 5.00pm**.

All Engineering Practitioners based in Accra and Takoradi are invited to participate in this sensitization programme to ensure as many members are informed about the need for an LI.
